

EXPLORING THE ARTS

AS A PARTICIPANT AT THE ROYAL PAVILION Bronze Arts Award – Part A

Activity: *Pleasure Palace*

THE ROYAL PAVILION is an exotic building, built as a pleasure palace for George IV. It mixes Regency design with the visual styles of India and China ... use your visit as inspiration for your own, personal interior design.

Don't forget to collect a programme, flyer or postcards. Sorry, photography is not permitted inside the Royal Pavilion ... outside is fine though!

The Royal Pavilion

The Banqueting Room

1

As you go round the Royal Pavilion (inside or out) make drawings and notes of things that catch your eye ... the interior is filled with dragons, lions, gold, flowers, patterns and illusions. The exterior is adorned with domes, minarets and towers.

2

YOU CAN USE:

- Pencil
- Colour pencils
- Pens and colour pens (outside only)
- Oil pastels (outside only)

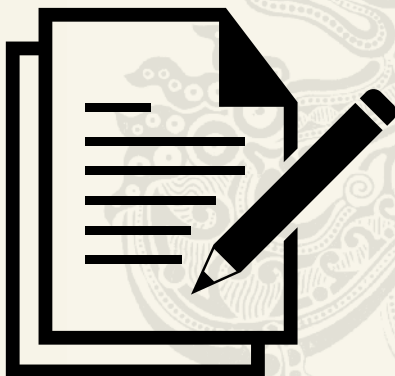

3

THE Royal Pavilion takes its unique style from the person it was built for, George IV; it reflects his personality and tastes.

THINK about your own personal tastes, what kind of space would you like to live in? What colours and patterns would adorn your wall? Would it be calming and cosy or party central? A cottage or a mansion? What kind of furniture would you have? You can design a whole building or just one room.

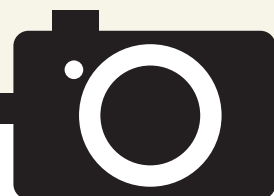

4

YOU can sketch ideas and make notes first if you like.

5

PHOTOGRAPH your designs as you try different ideas as you try different ideas (evidence for your Arts Award).

6

ON your finished design you can add notes about why you chose certain colours or features.

8

CREATE wonderful patterns or minimalist design; it's your Pleasure Palace, so it'll reflect your personality!

9

ONCE you have created your Pleasure Palace then answer the questions on the Bronze Part A Description and Review worksheet on our RP&M Arts Award page.

7

USE any art materials you like (see below).

MATERIALS YOU WILL NEED

(please note only pencils and paper can be used inside The Royal Pavilion):
